THIRD ANNUAL
SALE CATALOGUE

PARKDALE
SHORT-HORNS.

SOUTH OMAHA, NEB.,
NOV. 14, 1902.

Property of C. D. BELLOWS, Maryville, Mo.

: : : *Announcement* : : :

In presenting this catalogue of my third annual public sale of registered Short-Horns from The Parkdale Herd, to be held at South Omaha, Neb., on Friday, November 14, 1902, I wish to say to my former patrons and prospective customers that I have taken great care to list such animals as I can conscientiously recommend, believing that wherever they may go they will be a credit to the breed. A study of the following pages will show that the cattle are an unusually well bred lot from start to finish. I point with pride to the universal satisfaction expressed by those who have attended my former sales, and I can assure those who attend this sale that they will find this to be quite a bit the best lot of Short Horns ever offered from The Parkdale Herd. I have found the breeding of Shorthorns to be the most interesting and profitable branch of my farm operations, am in the business to stay, and it is the height of my ambition to each year be able to offer a better lot of cattle, and at the same time, establish and maintain a reputation for square and honorable dealing with all my customers.

THE BULL OFFERING. A feature of my former sales has been the quality and character of the bull contingent. The eighteen head listed for this sale include some "top notchers," 5 Scotch, and balance Scotch topped, from among which breeders will be able to select some high class herd headers. There are also several bulls listed of pronounced show yard character. Anyone wanting to buy a really good bull will certainly be able to please himself from among this lot, both in quality and price. They are in nice, thrifty condition, but not fat.

THE FEMALES The forty-two head of cows and heifers herein listed includes many special attractions both in the way of pure Scotch and Scotch topped sorts. There will be about one dozen calves at foot, and quite a number of the cows will be close to calving at sale time. There are twenty-two cows, most of which are from three to six years old; three choice two-year-old heifers, bred, and seventeen strictly A 1 yearling heifers. All of proper age, with calves at foot by, or be bred to my herd bulls, Hampton's Best, Gloster, and others.

ILLUSTRATIONS. The numerous illustrations appearing in this catalogue were made from life, by the well known live stock artist, Mr. Lou Burk. The cuts will go to the buyer of animal free of charge.

GUARANTEE So far as I am aware every animal listed for this sale is sound and useful. All animals over one year old are guaranteed to be breeders. Cows with calves at foot, and females that have passed their second regular period at time of sale, are considered breeders.

TERMS. Cash, or six to twelve months time at 8 per cent. interest. Parties desiring time should bring bank references, and make satisfactory arrangements with the clerk before the sale opens.

CERTIFIED PEDIGREES A certified pedigree from The American Short-Horn Breeders' Association, bearing the signature of the secretary and the seal of the association, will be furnished with each animal sold, excepting calves at foot, for which a certified pedigree, eligible to record will be furnished.

All stock will be at owner's risk as soon as bid off. If desired I will take care of the stock for twenty-four hours after the sale, after which they will be turned over to The Union Stock Yards Co., subject to order of the buyer.

The sale will open promptly at 1:00 p. m., in the Stock Yards Sale Pavillion.

AUCTIONEERS: Cols. F. M. Woods, Cary M. Jones and T. C. Callahan.

CLERK: W. C. Pierce.

Parties unable to attend the sale, can send bids, with instructions, to either of the above named auctioneers, addressing them in care of Clay Robinson & Co., Commission Merchants, South Omaha, Neb.

FORMER HERD BULLS.

ROYAL PRINCE 4th 133019

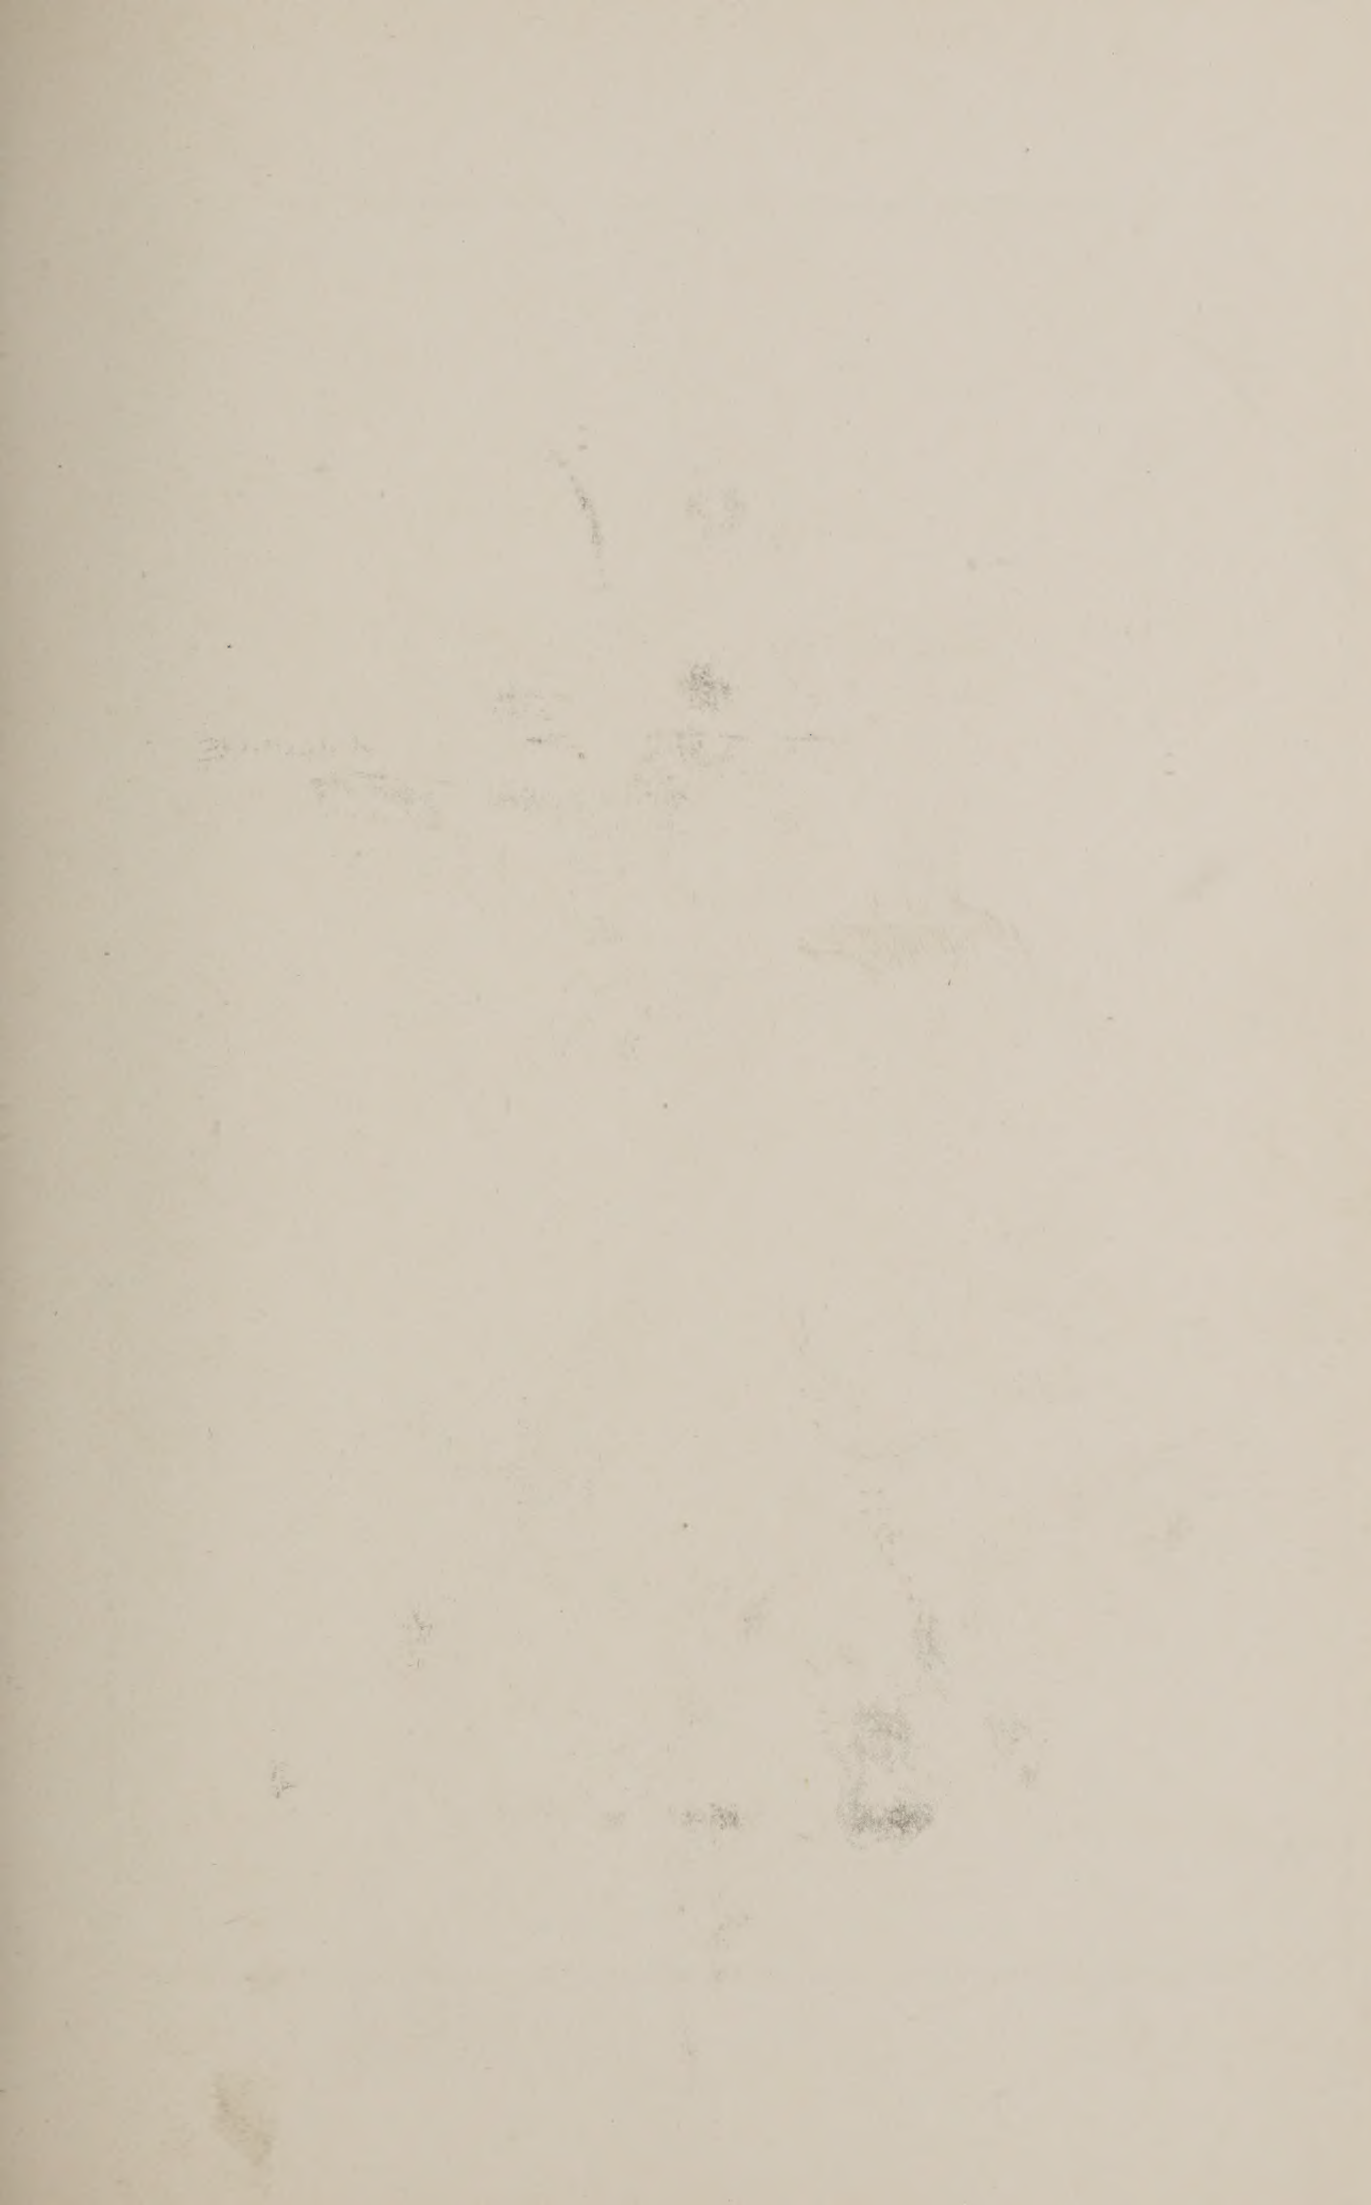

ROYAL PRINCE 4TH—A red, Scotch bred bull, of the highly prized Princess Royal tribe, was used extensively in The Parkdale Herd during the years of 1899 and 1900. He was a low standing, heavy quartered bull, of great length and of remarkable good feeding qualities. His sire, Victor Mysie 21, was a prize winner and a producer of winners. His grand sire, Imp. Spartan Hero, was admittedly one of the best bulls got by the great Barmpton that was ever sent out from Mr. Cruickshank's herd. His great grand sire, Royal Duke of Pleasant Ridge, was one of the most famous bulls of his time. Royal Prince 4th was the sire of the yearling show bull, Parkdale Champion, which was a prize winner at Kansas City last October, and at my annual sale, on December 18, sold to Mr. Rudolph Firme, of Juniata Neb., for \$615, the top price of the entire sale. There are some heifers by Royal Prince 4th listed for this sale that I reluctantly part with, and do so only because I believe they will add to the general attractiveness of the entire offering.

VICTOR OF WILDWOOD 126054.

VICTOR OF WILDWOOD—One of the former herd bulls at Parkdale has been represented by his get in my previous annual sales and on account of their good qualities have always been appreciated. Some of the good young things to be offered in this sale are by him and a few of the cows will have calves at foot by him. In breeding he comes from the highly esteemed Cruickshank-Orange Blossom family, and his sire, Golden Victor, during his lifetime was generally considered to have been one of the very best bulls ever got by the great Cruickshank-Victoria bull, Imp. Baron Victor, that did so much to establish the reputation of the celebrated Linwood Herd, then the property of Col. W. A. Harris, Linwood, Kas. Victor of Wildwood was sold to head the Glenwood Herd, the property of that discriminating breeder, Mr. C. S. Nevius, Chiles, Kas. Examine the portrait of this bull, and when you come to the sale I think you will not be disappointed in his get.

THE LAD FOR US,
* * * is the prize winner son of the champion bull, The Lad For Me, which has made such a reputation as a show bull and sire winners at the head of the herd of J. G. Robbins & Son, of Indiana. The Lad For Us did one season's service at Parkdale, after which Leeper Bros., the enterprising young Shorthorn breeders, of Maitland, Mo., induced me to part with him. He has left some most excellent calves at Parkdale, one, The Lad For All, I have selected to show in the junior bull calf class at The American Royal Cattle Show held in Kansas City in October of this year. Some of his get will also be included in this sale.

HAMPTON'S BEST, present chief stock bull at Parkdale, whose pedigree and picture are herewith presented, is a bull for which I feel I am justified in making some strong claims. He was purchased as a calf from his breeders, C. B. Dustin & Son, at a long price at which time I regarded him not only as the best calf by Merry Hampton on the farm, but also the best calf of his age of the breed I had yet seen. His development has fulfilled my most sanguine expectations and as a breeder the few of his calves already at Parkdale is assurance of his ability to transmit his individual excellence to his offspring. Individually he is a bull of wonderful substance, extraordinary constitutional vigor and unsurpassed digestive and feeding qualities. He is a great natural flesh carrier and for uniformity and thickness in conformation is practically beyond criticism. Some idea of his constitutional vigor may be gained from the fact that, when less than two years old, his heart girth measurement was seven foot and eight inches and his weight 1760 pounds. A careful study of his pedigree, appearing herewith, will be sufficient to convince any student of Shorthorn breeding that through his veins courses much of the most prominent and best known blood that for a quarter of a century has held the popularity of the best Scotch bred Shorthorns in America. He comes to his individual excellence by inheritance and it is confidently believed that he is destined to become one of the truly great sires of the breed. I have listed some choice cows for this sale, lots 1, 5, 6, 14, 23, and 26, bred to Hampton's Best and I should be very glad to see them go into appreciative hands. I am expecting to show a young herd, the get of Hampton's Best, at The World's Fair, in St. Louis, in 1904, and I am confident that those who get calves by him will be putting themselves in position to profit by the reputation which Hampton's Best and his get are destined to obtain.

GLOSTER, at present one of the chief bulls in service in The Parkdale Herd, is a very handsome, red. Scotch bred bull, possessing many points of genuine merit. He is a bull of beautiful character, of medium size, and is distinguished for his good head, drooping horn, attractive carriage, smooth, uniform makeup from end to end, splendid spring of rib, long level hind quarters and well filled thighs. Bred from the Cruickshank-Flora tribe, one of the best and most prolific families in my father's original Valley Home Herd, and carrying top crosses of such bulls as Imp. Ducal Crown, Bonny Scot, by Hospodar, Valley Champion, and through them many bulls of historic fame. Knowing of the individual merit of his ancestors, I several years ago, decided to secure him for service at Parkdale whenever he should become available. The opportunity presented itself last year, and in him I feel I have a worthy assistant to Hampton's Best. A number of the cows and heifers to be sold have been bred to Gloster, and a few of his get will be included in the sale, which I feel satisfied will speak for themselves as to his breeding qualities.

Note—Aberdeen Lassie is one of the most valuable Cruickshank cows to go under the auctioneer’s hammer this year. She is a regular breeder of the kind of calves that are always in demand. Aberdeen Clara included in this sale is a fair sample of what she produces. She will be due to calve in January by our grand young herd bull, Hampton’s Best, conceded by many to be the best son of Imp. Merry Hampton.

LORD CONSTABLE—A red bull unusually rich in the best blood of A. Cruickshank’s breeding. Bred by Col. W. A. Harris and as a yearling was selected by that discriminating breeder, Mr. B. O. Cowan, as the most promising young bull of his year at Linwood. In speaking of him recently Mr. Cowan remarked that one of the mistakes he made when breeding Shorthorns was when he parted with Lord Constable. He was got by the prize winning bull, Imp. Thistle-top, and his dam, Imp. Lady of the Meadow, a daughter of Chancellor 68693, was one of the most highly prized breeding cows at Linwood. Besides Lord Constable she produced the bull, Lord Mayor, that has made such a splendid record in the herd of T. B. Babst & Son, and that has to his credit two such bulls as Victorious and Golden Lord. Lady of the Meadow was out of Lady of the Forest, she by Roan Gauntlet, out of Lady of the Palace, she by Royal Duke of Gloster, out of Lady of the Isles, an own daughter of the great and only Champion of England.

GOLDEN RULE 98268—Sired by Robt. Miller’s famous Goldstick 86748 (generally regarded as one of the Choicest Cruickshank bulls ever imported to America) and dropped at Mr. Dustin’s Hill Farm by the first-class Sitty-ton-bred cow, Imp. Golden Feather by Cumberland 50626. He was extensively used in the Dustin herd until the fall of 1892, when he was sold along with the imported heifer, Red Empress, to Mr. H. F. Brown of Minneapolis, who exhibited both animals successfully at leading cattle shows of 1893. He was a bull of elegant quality, smooth as an egg, full of mellow flesh, standing very near to the ground on short, neat legs; altogether an animal of great finish, and his get have developed into neat, thick and thrifty stock.

SCOTTISH VICEROY 77762—A grand Cruickshank Victoria, bred by J. W. Aldrich, got by Royal Duke of Pleasant Ridge 36889, out of Imp. Victoria 51st, by Royal Duke of Gloster (29864), Victoria 47th, by Lord Lansdown (29128); Victoria 29th by Champion of England (17526).

Note—Aberdeen Clara is one of the plums of this sale. She is the making of a very smooth, thick massive cow, and her breeding is as good as the herd book contains.

COMMANDER 123482—A rich, red roan bull, of Mr. Cruickshank's Cactus tribe, descending from Fancy by Billy. He was got by Imp. Chief Steward 96703, bred by A. Cruickshank, imported by Luther Adams and successfully used at the head of the herd of John Morris, of later being sold to Mr. W. P. Harned, where he produced some of the best things that ever came from the Idlewild herd. Commander's dam, Caroline 2d, was one of a valuable family bred by F. Bellows & Sons from the remarkably fine Cruickshank cow, Caroline, by Royal Barmpton. Caroline 2d was a prize winner at the Iowa state fair as a calf, and was later sold to John Morris in whose hands she produced Commander, sold to T. J. Wornall and several years after was purchased for use in the Parkdale herd. Caroline 2d was got by the Cruickshank Secret bull, Imp. Scotchman, out of Caroline by Imp. Royal Barmpton. It is no exaggeration when we say that some of the best heifers in this sale are the get of Commander.

LORD CONSTABLE 104088—A red bull unusually rich in the best blood of A. Cruickshank's breeding. Bred by Col. W. A. Harris and as a yearling was selected by that discriminating breeder, Mr. B. O. Note—Merry Queen is easily one of the best heifers in this sale, and it is doubtful if a better heifer calf will be sold at auction this year. Any one in need of a yearling show heifer for next year will make no mistake by looking after this good daughter of the noted Merry Hampton.

IMP. MERRY HAMPTON 132572—It is generally conceded that Imp. Merry Hampton is the greatest Shorthorn bull on the American continent. He was selected and imported as the best young bull of his age in Great Britain, in 1898, and was landed at the farm of C. B. Dustin & Son, at a cost of \$2,000. He was recently sold to C. C. Bigler & Sons at the best price paid for a Shorthorn bull in recent years. His get have been in strong demand, and the substance, flesh and finish of his offspring will undoubtedly continue to hold them in popular favor. He was bred by Mr. Duthie from the celebrated Marr-Missie tribe and sired by the Uppermill Princess Royal bull, Prince Frolic 132571, by the great William of Orange; son of Roan Gauntlet Mademoiselle 6th, the dam of Merry Hampton, was a daughter of the great and only Field Marshall 64894; Mademoiselle 5th, by Ventriloquist, of the Cruickshank Victoria tribe, and sired by Roan Gauntlet.

GOLDEN RULE 98268—Sired by Robt. Miller's famous Goldstick 86748 (generally regarded as one of the choicest Cruickshank bulls ever imported to America) and dropped at Mr. Dustin's Hill Farm by the first-class Sittyton-bred cow, Imp. Golden Feather, by Cumberland 50626. He was extensively used in the Dustin herd until the fall of 1892, when he was sold along with the imported heifer, Red Empress, to Mr. H. F. Brown of Minneapolis, who exhibited both animals successfully at leading cattle shows of 1893. He was a bull of elegant quality, smooth as an egg, full of mellow flesh, standing very near to the ground on short, neat legs; altogether an animal of great finish, and his get have developed into neat, thick and thrifty stock.

GOLDEN CHIEF was bought from the late Robert Miller of West Liberty, Iowa, for use at Hill Farm, and left a most valuable progeny. His get partook largely of his own fine breeding quality, possessing as a rule wide ribs, splendid constitution, and an aptitude to fatten readily at an early age. He was a remarkably short-legged, heavy-fleshed red of extraordinary substance, carrying a great wealth of natural flesh, and in disposition so tractable that a child might handle him.

WATERLOO DUKE 2d, a red, bred at Bow Park and sold to J. H. Pickrell; got by 4th Duke of Clarence 26188; dam Imp. Waterloo 37th by 6th Baron of Oxford (33075); Waterloo 36th by Royal Cambridge (25009); Waterloo 35th by Waterloo Chief (23184), etc.

Note—Gloster's Golden Mary is a very growthy and at the same time a very easy feeding, thick-fleshed kind that is sure to make a very large, fine cow. Her mother is a large, droop-horned, red cow, is a regular breeder and a most excellent milker. Like Gloster's Gladys this heifer also belongs to the famous Leslie branch of that good, old Young Mary family that have long been highly prized wherever Shorthorns have been grown.

GLOSTER 137952—a red, of the Cruickshank Flora tribe, now in service in the Parkdale herd. He was bred by T. R. Westrope & Son; got by the Cruickshank Duchess of Gloster bull, Royal Gloster 117199, he by the Cruickshank bull, Imp. Ducal Crown 97149, out of Duchess of Gloster 2d by Commander 89556. The dam of Gloster, Queen Glamis, was by the Cruickshank Rosemary bull, Bonny Scott 106590, he by imported and exported Hospodar, out of Rosemary 4th, she by Imp. Burgomaster (52665), out of Imp. Rosemary, by Breadalbane. On her dam's side Queen Glamis traces to Imp. Flora 17th, bred by A. Cruickshank and sired by Perfection 61408. From Imp. Flora 17th has sprung a valuable family of Shorthorns notable for quality, easy fleshing tendencies and excellence at the pail.

GAY LADDIE 119293—a red bull, bred by Col. W. A. Harris, sired by the Cruickshank Brawith Bud bull, Galahad 103259, out of Lee Side Nell 6th, she by the famous old bull, Dick Taylor of Glenwood 50737, and, on dam's side descends from Imp. Lady Elizabeth by Emperor (1924). Galahad was got by Imp. Master of the Rolls, out of Galanthus, she by the \$1,000 bull, Imp. Barbarossa 68197, successfully used in the Ravenswood herd of Capt. Chas. E. Leonard, of Bell Air, Mo. Individually Gay Laddie is a bull of great size, fine head, drooping horn, very heavy quarters, and is probably as good an individual as Galahad ever sired. He has been a prepotent and successful breeder and, had he been handled for show, would have been a hard one to beat.

SHARON DUKE 131110—a red bull, got by the Cruickshank bull, Baron Butterfly 96081, (see notes on bull, Gloster's Shallot No —), out of May 55th by Master Primrose 93750, bred by Col. W. A. Harris, Linwood, Kas.; got by Imp. Baron Victor, and was a full brother, (and probably a better bull), to Dr. Primrose, winner in the aged bull class throughout nearly the entire state fair circuit in 1891.

REX BEAUTY 120803—sired by 2d Baronet of Linwood 68249, bred by W. A. Harris, sired by the Cruickshank Victoria bull, Baron Victor. The dam of Rex Beauty was the Young Mary cow, Roan Beauty, by Duke of Roses 62526.

COMMANDER 123482—A rich, red roan bull, of Mr. Cruickshank's Cactus tribe, descending from Fancy by Billy. He was got by Imp. Chief Steward 96703, bred by A. Cruickshank, imported by Luther Adams and successfully used at the head of the herd of John Morris, of later being sold to Mr. W. P. Harned, where he produced some of the best things that ever came from the Idlewild herd. Commander's dam, Caroline 2d, was one of a valuable family bred by F. Bellows & Sons from the remarkably fine Cruickshank cow, Caroline, by Royal Barmpton. Caroline 2d was a prize winner at the Iowa state fair as a calf, and was later sold to John Morris in whose hands she produced Commander, sold to T. J. Wornall and several years after was purchased for use in the Parkdale herd. Caroline 2d was got by the Cruickshank Secret bull, Imp. Scotchman, out of Caroline by Imp. Royal Barmpton. It is no exaggeration when we say that some of the best heifers in this sale are the get of Commander.

He was a bull of substance and wonderful fleshing qualities, and as a uniform breeder of high class stock had few equals. That his blood is breeding on is evidenced by the high character and quality of his descendants, even to the third generation. He was got by the Cruickshank bull, Canada's Pride 2d, by Imp. Aberdeen Champion, by Barmpton, out of the historic producing cow, Caroline, by Royal Barmpton.

Note—Good judges are agreed that Happy Hampton is undoubtedly the best bull of his age sired by the great Merry Hampton that has yet been offered at public sale in this country. Mr. Burks illustration of this grand young bull shows his splendid style, fine character, extra good heart girth, level lines, substance and uniform conformation. His dam, 12th Rose of Geneva, is an all red cow of high individual excellence, good size and most excellent character throughout. His grand dam, 10th Rose of Geneva, by Imp. Duke of Surrey, is one of the fine, large cows included in this sale. Happy Hampton, it is believed, should make an unusually good breeding bull and, if properly handled, promises to make a show bull of high order. Would not think of parting with him were it not that I already have a Merry Hampton bull at the head of the Parkdale herd.

IMP. MERRY HAMPTON 132572—It is generally conceded that Imp. Merry Hampton is the greatest Shorthorn bull on the American continent. He was selected and imported as the best young bull of his age in Great Britain, in 1898, and was landed at the farm of C. B. Dustin & Son, at a cost of \$2,000. He was recently sold to C. C. Bigler & Sons at the best price paid for a Shorthorn bull in recent years. His get have been in strong demand, and the substance, flesh and finish of his offspring will undoubtedly continue to hold them in popular favor. He was bred by Mr. Duthie from the celebrated Marr-Missie tribe and sired by the Uppermill Princess Royal bull, Prince Frolic 132571, by the great William of Orange, son of Roan Gauntlet; Mademoiselle 6th, the dam of Merry Hampton, was a daughter of the great and only Field Marshall 64894; Mademoiselle 5th, by Ventriloquist, of the Cruickshank Victoria tribe, and sired by Roan Gauntlet.

Water Girl, by Grand Duke of Waterloo 23355. Imp. Water Girl sold for \$1,000, soon after importation. The Waterloos have been regarded as the best for individuality and high breeding of the several families of the Bates tribes of Shorthorns.

IMP. DUKE OF SURREY 92918, bred by A. H. Lloyd, Harewood, England. Imported June 20, 1886, by Mr. J. J. His pedigree shows three Cruickshank tops giving him 87 and a half per cent Scotch blood. Gloster, Lavender King 4th and Armour Bearer are each Cruickshank bulls of note. Lavender Duchess 8th, the dam of Gloster's Lavender, is a most extraordinary good cow, being of the wide ribbed, easy keeping, low legged, thick fleshed sort. Gloster's Lavender comes to his individual merit by inheritance and should make a valuable stock bull.

Cruickshank Orange Blossom), out of Butterfly 51st, by Crown Prince of Atheistane 2d 16585, and tracing to Imp. Butterfly 43d by Royal Duke of Gloster. 2D BARONET OF LINWOOD 68249—bred by Col. W. A. Harris, Linwood, Kas., sired by the Cruickshank Victoria bull, Imp. Baron Victor 42824, that, in his time, was considered the most valuable Scotch bred bull on the American continent. His get were noted for their low legged, thick fleshed, early maturing qualities, and a cross of Baron Victor is always considered a valuable addition to any pedigree. He was got by Barmpton, believed to have been the sire of a larger number of high class bulls sent to America than any other bull kept in service at Sittyton.

IMP. THISTLETOP 83876—bred by Amos Cruickshank, Sittyton, Scotland; imported by J. I. Davidson, of Canada, and later purchased for use in Col. W. A. Harris' Linwood herd, after which he was used in the herds of T. B. Babst and T. K. Tomson & Sons, of Dover, Kansas. He was a bull of great constitutional vigor, being an easy keeper and while at Linwood was taken direct from pasture to the Kansas State Fair where he defeated Doctor Primrose, the winning show bull in the aged class at most of the prominent state fairs that year. He was got by Crusader, out of Barmpton Lily, by Roan Gauntlet.
